Report of Independent Public Accountants

To the Partners
Olstein Capital Management, L.P.

We have audited the accompanying statement of financial condition of Olstein Capital Management, L.P. (F/K/A Olstein & Associates, L.P.) (A Limited Partnership) as of December 31, 2006. This financial statement is the responsibility of the Partnership's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Olstein Capital Management, L.P. as of December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

Roseland, New Jersey February 26, 2007

JH Colu LLP

Commitments and contingencies Partners' capital		<u>7,769,164</u>
Total		<u>\$14,062,763</u>

NOTES TO STATEMENT OF FINANCIAL CONDITION

Note 1 - Organization:

Olstein & Associates, L.P. was formed on June 13, 1994 as a New York limited partnership. During 2006, Olstein & Associates, L.P. changed its name to Olstein Capital Management, L.P. (the "Partnership"). Effective September 18, 1995, the Partnership commenced operations as a registered broker-dealer with the Securities and Exchange Commission (the "SEC") and became a member of the National Association of Securities Dealers, Inc.

The Partnership has an agreement with other broker-dealers ("clearing brokers") to clear transactions, carry customers' accounts on a fully disclosed basis and perform record keeping functions and, consequently, operates under the exemptive provisions of SEC rule 15c3-3(k)(2)(ii).

In addition, the Partnership is a registered investment advisor and has organized a Delaware Investment Trust, known as The Olstein Funds (the "Funds"), as an openend investment company or "mutual fund" that is intended to have a series of investment portfolios. The Partnership will be the manager of, and the advisor to, the Funds. As of December 31, 2006, the Partnership was managing both of the Funds' portfolios, equity funds known as The Olstein All Cap Value Fund (the "All Cap Fund") (F/K/A The Olstein Financial Alert Fund) and The Olstein Strategic Opportunities Fund (the "Opportunities Fund") (collectively, the "Funds"). The Partnership also provides investment advisory services to other parties.

The term of the Partnership expires on May 25, 2094 unless the general partner elects to extend the term.

Note 2 - Significant accounting policies:

Cash equivalents:

Cash equivalents are highly liquid investments with a maturity of three months or less when acquired.

Fees:

Management and investment advisory and Rule 12b-1 fees are recognized as earned based on the daily average net assets of the assets under management.

Commissions:

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Equipment and improvements:

Equipment and improvements are stated at cost. Equipment of \$779,422 is depreciated using accelerated methods over estimated useful lives of three to five years. Improvements of \$248,363 are amortized using the straight-line method over the life of the lease.

Advertising costs:

The Partnership expenses the cost of advertising and marketing as incurred.

NOTES TO STATEMENT OF FINANCIAL CONDITION

Note 2 - Significant accounting policies (concluded):

Income taxes:

The Partnership is not subject to income taxes; instead, its income or loss is allocated to its partners for inclusion in their individual income tax returns.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3 - Related party transactions:

Transactions with the Funds:

Pursuant to the Investment Management Agreement between the Partnership and the Funds, the Partnership will receive annual investment management fees for management and investment advisory services equal to 1% of the daily average net assets of the Funds, payable monthly, subject to statutory limitations, if any. This agreement may be canceled by either party upon sixty days' written notice.

Pursuant to the Distribution Plan adopted by the Funds and rule 12b-1 under the Investment Company Act of 1940, the Partnership will receive annual fees of up to 1% of the daily average net assets of the Funds, payable quarterly, for expenses incurred in the promotion and distribution of the shares of the Funds and for maintaining shareholder accounts. This agreement may also be canceled by either party upon sixty days' written notice.

The Partnership's net receivable from the Funds as of December 31, 2006 was comprised of amounts due or payable for the following:

Management and investment advisory fees	\$1,464,440
Rule 12b-1 fees	3,750,627
Advanced expenses	31,241
Total	<u>\$5,246,308</u>

Transactions with partners:

Pursuant to the Agreement of Limited Partnership (the "Partnership Agreement"), the general partner will be paid fees of \$25,000 per month for office and administrative expenses.

NOTES TO STATEMENT OF FINANCIAL CONDITION

Note 4 - Partners' capital and distributions:

At the end of each fiscal year, a percentage of the Partnership's profits is allocated to all of the limited partners which is derived from a formula based on the net advisory fees earned by the Partnership from the Funds. Each limited partner receives a share of the Partnership's profits allocated to all of the limited partners in the proportion that the cumulative capital contribution of that limited partner bears to the cumulative total of capital contributions made by all the limited partners as of the end of the year.

Subject to certain restrictions as provided in the Partnership Agreement, each limited partner's share of the Partnership's profits, determined as explained above, will be distributed to the partner annually on or before March 31 of the following year. All remaining profits are allocated to the general partner.

All losses of the Partnership are allocated first to the general partner to the extent of its capital account and then proportionately to the limited partners to the extent of their capital accounts, with all remaining losses allocated to the general partner.

The Partnership Agreement provides the limited partners with a significantly limited ability to redeem their interest in the Partnership to the general partner or the remaining limited partners at a price set forth in the Partnership Agreement. As of December 31, 2006, no redemption requests had been received by the Partnership.

Effective January 1, 2007, based on the Amended and Restated Partnership Agreement, the general partner has the annual right to call all of the limited partners' interests in the Partnership at a price set forth in the Partnership Agreement.

The general partner may make capital withdrawals at any time provided that the general partner's remaining capital exceeds \$125,000.

Notwithstanding the above, no capital of any partner may be withdrawn, redeemed or distributed if, after giving effect thereto, the Partnership does not meet the minimum capital requirements provided for by the Uniform Net Capital Rule under the Securities Exchange Act of 1934.

Note 5 - Net capital requirement:

The Partnership is subject to the SEC Uniform Net Capital rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash distributions paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2006, the Partnership had net capital of \$5,597,075, which was \$5,177,502 in excess of its required net capital of \$419,573. The Partnership's net capital ratio was 1.12 to 1.

NOTES TO STATEMENT OF FINANCIAL CONDITION

Note 6 - Financial instruments with off-balance-sheet risk and concentration of credit risk:

The Partnership's customer securities activities are transacted on either a cash or margin basis. In margin transactions, the Partnership's clearing broker extends credit to the customer, subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customer's account. As a result of guaranteeing customer margin balances carried by the clearing broker, the Partnership may be exposed to off-balance-sheet risk in the event margin requirements are not sufficient to fully cover losses which the customer may incur. Margin accounts guaranteed by the Partnership at December 31, 2006 were not material.

Additionally, the Partnership is exposed to off-balance-sheet risk of loss on transactions during the period from the trade date to the settlement date, which is generally three business days. If the customer fails to satisfy its contractual obligations to the clearing broker, the Partnership may have to purchase or self-financial instruments at prevailing market prices in order to fulfill the customer's obligations. Settlement of these transactions is not expected to have a material effect on the Partnership's financial position.

The Partnership seeks to control the risks associated with its customer activities by requiring customers to maintain margin collateral in compliance with various regulatory and clearing broker guidelines. The Partnership monitors required margin levels daily and, pursuant to such guidelines, requires the customers to deposit additional collateral, or to reduce positions, when necessary

The Partnership maintains cash and other deposits with banks and brokers. At times, such deposits exceed applicable insurance limits. At December 31, 2006, the Partnership had cash deposits and cash equivalent balances that exceeded applicable insurance limits by approximately \$7,710,000. The Partnership reduces its exposure to credit risk by maintaining such deposits with high quality financial institutions.

Note 7 - Commitments and contingencies:

Lease commitments:

The Partnership leases the premises in which it conducts its operations under a noncancelable operating lease that expires in May 2012. The lease requires, among other things, the payment of minimum annual rentals and certain of the real estate taxes and insurance, maintenance and other operating expenses related to the properties. Minimum annual rental payments, which total \$1,672,000, are payable \$294,000 in 2007, \$312,000 in 2008, 2009, 2010 and 2011 and \$130,000 thereafter. The Partnership has the option to renew the lease for an additional five-year period.

NOTES TO STATEMENT OF FINANCIAL CONDITION

Note 7 - Commitments and contingencies (concluded): Lease commitments (concluded):

The Partnership also leases certain equipment under noncancelable operating leases that expire at various dates through October 2007. Future minimum lease payments under the noncancelable operating leases for equipment in years subsequent to December 31, 2006 are not material.

Indemnifications:

In the normal course of its business, the Partnership indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Partnership or the Funds. The Partnership also indemnifies some clients against potential losses incurred in the event specified third-party service providers, including subcustodians and third-party brokers, improperly execute transactions. The maximum potential amount of future payments that the Partnership could be required to make under these indemnifications cannot be estimated. However, the Partnership believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the statement of financial condition for these indemnifications.

The Partnership provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Partnership may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Partnership could be required to make under these indemnifications cannot be estimated. However, the Partnership believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the statement of financial condition for these indemnifications.

Note 8 - Profit sharing plan:

The Partnership sponsors a defined contribution 401(k) pension and profit sharing plan whereby its eligible employees can defer a portion of their income for income tax purposes through contributions to the plan. The Partnership is required to make contributions to the plan based primarily on specified percentages of the contributions made by the employees. The Partnership may make additional contributions to the plan on a discretionary basis.
